Memorial Wellness Centre

Shri Subrahmanya Sabha, a registered society founded in 1907, has successfully completed 119 years of dedicated service to humanity. Over the decades, the Sabha has established a fully furnished hostel facility for 125 students, helping to fulfill the educational aspirations of hundreds from rural background. Our community centre remains a vibrant hub for promoting culture and fine arts.

Driven by a commitment to promote higher education, the Sabha distributes approximately Rs. 100 lakhs annually in loan scholarships to underprivileged students. The Sabha also manages "Shiva Sadana" in Puttur - a home for senior citizens and differently-abled individuals providing accommodation for 100 seniors and 60 residents with special needs. Supported by a team of 20 selfless staff members and caregivers, our organization continues to bring smiles to those who deserve them most.

The Polali Project

The Sabha has recently acquired 5.5 acres of land near Sri Rajarajeshwari Temple in Polali. To expand our horizon of service, we propose to launch a series of socially impactful
